EU4TOURISM: OUTDOOR ADVENTURES ON THE HISTORIC TRAILS IN SYUNIK 2018-2021

People in Need, with the financial support of the European Union, mapped and marked more than 200 kilometers of the **Legends Trail** from the village of Khndzoresk to Mount Khustup, to enhance rural tourism in Armenia's Syunik region, and to encourage visitors to discover the historic communities Goris, Tatev, and Kapan.

About the 150 km of the Legends Trail is now part of the **Transcaucasian Trail**, a long-distance trail under development that will traverse through Georgia and Armenia.

The **"Legends of the Legends Trail"** book is published in five languages and details local folk tales and legends.

The Legends Trail detailed **guidebook**, about the touristic destinations and services of the Syunik region, has also been developed and is available for sale.

In the Goris, Tatev, and Kapan communities, more than **30 households received** financial support to improve their communities and develop new products for trail users. These include campsites, gastro yards, mountain bicycle and horseback services, and adventure games.
